

# CAMILO SIERRA

DATA SCIENTIST & AND IT TECHNICIAN | [WEB-SITE](#)

## Brief-Intro

I am a Data Scientist and IT technician with over 4 years of experience working with big and small corporations in multiple projects, building tech solutions and providing a variety of support with multiple technologies.

I started as a commercial communicator and throughout the years I discovered a hidden passion for technology. Since then I have built my professional, and some part of my personal life as well, around the world of technology.
